FINAL NOTE BY THE EXTRAORDINARY MEMBER OF COUNCIL.

Subject:- Amending the rules relating to the grant of injury pensions to Imperial Service Troops and of wound pensions to the Mysore Horse and the Infantry Regiments.

- - - -

02) Under appendix L and Article 381 of the Mysore service Regulations respectively, the Imperial Service Troops and the non-commissioned officers and men of the Mysore Horse and Infantry Regiments are not entitled at present to wound pensions unless they are rendered unfit for further service in the army on account of injuries sustained by them. The effects of an injury may, however, tell upon the injured after a certain time and not immediately in every case, and an injured person may continue to work till he finds it impossible to do so or is pronounced unfit for further service by the Medical Board. In such cases, the admission of claims to an injury pension within a limited time from the date of the injury -5 years as now proposed to be fixed- seems only fair provided they are supported

(1) by a certificate furnished by a Court of enquiry that the injury was sustained in the execution of public duty and

(2) by another certificate obtained from the Local Medical Board that unfitness for further service was due to the injury sustained.

33) The Chief Commandant and the Senior Surgeon who were consulted in the matter have supported the proposal and it has been agreed to by the Financial Secretary and the Council.
